Data Required	Geographical Area	Frequency	Data Source	Responsible for collection
supporting service delivery				
Take up of 2, 3 and 4 year old EEF	SOA	Termly	School Census QA	Collected by Performance and Quality Team (CYPS) & Early Years and Childcare Service
Number of teenage mothers (under 20 years as at 1 st April)	Postcode / Children's Centre reach	Annual	No longer able to access.	Could use; Midwifery service data? Commissioned by CCG Or HV data Commissioned by NHSE – to be transferred RMBC.
Breastfeeding rates (6-8 weeks) Suggest also collecting; Initiation of breast feeding. (note; this is by hospital rather than residency) Will be performance managed for HWB strategy.	Children's Centre reach	Annual	Public Health - currently provided at Ward level as 2 year averages	RFT have this data at postcode level. Not PH, we would need their permission to use this and has time implications. From April this will be retrospective from System 1 data. HV asking after the event. Memory may create an additional variable and effect data completeness. HV will input as part of new national contract.
Smoking cessation rates amongst	Children's Centre reach	Annual	Public Health –	From RFT data sets.

Data Required	Geographical Area	Frequency	Data Source	Responsible for collection
pregnant women Suggest using; Smoking at delivery – postcoded data			currently provided at Ward level as 2 year averages	Contracts will need amending to incorporate this
Childhood obesity rates for Reception Year	Children's Centre reach	Annual	Public Health – currently provided at Ward level as 3 year averages	Can be requested as postcode data. This is PH data. Small numbers so are identifiable PH to look to see if this is feasible by children centre reach.
Emergency hospital admission rates for under 5's – including reason for admission May need to not include reason. ?? very small numbers. May not be useful data? RA to make suggestion as to alternative.	Children's Centre reach	Annual	Public Health – currently provided at Ward level with no reason for admission	HES data. RFT and CSU hold this information provide to PHE on CCG area basis. Low numbers and possibly patient identifiable. Query why you may want this information and it's helpfulness. E.g. one very poorly child in an area could completely skew data.
Immunisation Rates	Children's Centre reach	Annual	Public Health – currently provided at Ward level	Not accessible by PH. NHSE may be able to provide.

Data Required	Geographical Area	Frequency	Data Source	Responsible for collection
				Need to also review what's collected on the HV system on this.
% of pregnant women seen by a midwife RA to suggest alternative data set to meet this.	Children's Centre reach	Quarterly	Not currently collected	Not PH – Suggested that this aligns with the information in the Maternity service Spec. CCG commissions this service – Emma Royle
% of children seen by a health visitor through the Healthy Child Programme RA suggests 10/14 days Consider using Joint 2 year assessment data.?	Children's Centre reach	Quarterly	Not currently collected	Not PH – Suggest that we mirror the contacts in the HCP, see national spec.
Number of pregnant women seen by a midwife	Children's Centre reach	Quarterly	Not currently collected	
% of children seen by a health visitor through the Healthy Child Programme	Children's Centre reach	Quarterly	Not currently collected	
Name, DOB and address of all Family Learning Contacts (outside Children's Centre)	SOA	Quarterly	Not currently collected	
Name, DOB and address of all Adult Learning Contacts (outside Children's Centre)	SOA	Quarterly	Not currently collected	

Data Required	Geographical Area	Frequency	Data Source	Responsible for collection
EYFSP Data by child and school – include name, DOB, address and postcode and scores	Child postcode	Annual	Not currently collected	Performance and Management Team
