Minor Ailments Service

Rotherham GPs and community pharmacies are offering a service that gives more patient choice.

If you don't normally pay NHS prescription charges, then any medicine supplied under the Pharmacy First scheme will be **FREE**.

If you do pay for your prescriptions, then the cost of the medicine(s) should be much less than the current prescription charge.

Your pharmacist is a qualified health care professional who can help with your health problems.

The pharmacist will offer you a private space to talk to you about your symptoms.

CONDITIONS
