The Analysis

How do you think the Policy/Service meets the needs of different communities and groups? Protected characteristics of age, disability, gender, gender identity, race, religion or belief, sexuality, Civil Partnerships and Marriage, Pregnancy and Maternity. Rotherham also includes Carers as a specific group. Other areas to note are Financial Inclusion, Fuel Poverty, and other social economic factors. This list is not exhaustive - see guidance appendix 1 **and** page 8 of guidance step 4

The number of pupils being placed out of authority and the rising number of new SEND cases requiring specialist provision has put significant pressure on existing provision. The proposal to create 50 new SEND places is intended to ease current pressure on provision, create more options for parents locally, reduce transport costs, enable children to be educated closer to home.

The securing of an additional £1.3m capital and revision of SEND/SEMH demand for places analysis has led to the commencement of a further piece of work to consult widely during 2019 in relation to type of Additional capacity required, invite expressions of interest from schools and settings in relation to proposals to meet need and inform investment of capital.

Analysis of the actual or likely effect of the Policy or Service:

See page 8 of guidance step 4 and 5

Does your Policy/Service present any problems or barriers to communities or Group? Identify by protected characteristics **Does the Service/Policy provide any improvements/remove barriers?** Identify by protected characteristics **NO**

The proposal is designed to create more places, increase choice, mirror good practice from existing provision, offer more varied provision, reduce travel and placement costs and increase parental satisfaction.

There will be more places funded by the High Needs Budget as a result of this development. As Rotherham schools are relatively well funded, this will not have an adverse effect on their ability to provide a suitable education for the majority of their pupils.

What affect will the Policy/Service have on community relations? Identify by protected characteristics

The proposal to create additional places in borough has been consulted on with local stakeholders who have and continue to be involved with the process and parents forum and the relationships with the LA and providers has been regarded as a national model of good practice.

Title of Equality Analysis:

If the analysis is done at the right time, i.e. early before decisions are made, changes should be built in before the policy or change is signed off. This will remove the need for remedial actions. Where this is achieved, the only action required will be to monitor the impact of the policy/service/change on communities or groups according to their protected characteristic.
