

Appendix 3: Equalities Screening Assessment

Initial Equality Screening Assessment

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality and diversity.

A **screening** process can help judge relevance and provide a record of both the process and decision. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality and diversity.
- whether or not equality and diversity is being/has already been considered, and
- whether or not it is necessary to carry out an equality analysis.

<input checked="" type="checkbox"/> Strategy / Policy <input type="checkbox"/> Service / Function <input type="checkbox"/> Other
If other, please specify

2. Please provide a brief description of what you are screening

The report details the formulation of a House to House Collection Policy to ensure that collectors and public alike have a clear and transparent document from which to refer. The Policy adds clarity to the way that the Council will deliver against the requirements of the House to House Collection Act 1939 and the House to House Collections Regulations 1947

Consultation undertaken demonstrates that a significant majority of respondents to the consultation agreed that it would be appropriate for the Council to ensure a minimum of 80% of the value of collections to be returned to charities, and that it would be unreasonable to carry out collections after 7pm in the evening

3. Relevance to equality and diversity

All the Council's strategies/policies, services/functions affect service users, employees or the wider community – city wide or more local. These will also have a greater/lesser relevance to equality and diversity.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation and any other relevant characteristics (for example socio-economic status, social class, income, unemployment, residential location or family background and education or skills levels).

Questions	Yes	No
Does the activity have implications regarding the accessibility of services to the whole community?		X
Is there an impact for an individual or group with protected characteristics? (Discrimination, harassment or victimisation of individuals with protected characteristics)		X
Have there been or likely to be any public concerns about the policy or proposal?		X
Could the proposal affect how the Council's services, commissioning or procurement activities are organised, provided, located and by whom?		X
Could the proposal affect the Council's workforce or employment practices?		X

If you have answered **no** to all the questions above please complete **sections 5 and 6.**

If you have answered **yes** to any of the above please complete **section 4.**

4. Considering the impact on equality and diversity

If you have not already done so, the impact on equality and diversity should be considered within your proposals prior to carrying out an **Equality Analysis**.

Considering equalities and diversity will help to eliminate unlawful discrimination, harassment and victimisation and take active steps to create a discrimination free society by meeting a group or individual's needs and encouraging participation.

Please provide specific details for all three areas below and use the prompts for guidance.

- **How have you considered equality and diversity?**

(**think about** the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

- **Key findings**

(**think about** any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

- **Actions**

(**think about** how you will promote positive impact and remove/reduce negative impact)
