

Initial Equality Screening Assessment (Part A)

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality and diversity.

A **screening** process can help judge relevance and provide a record of both the process and decision. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality and diversity
- whether or not equality and diversity is being/has already been considered, and
- whether or not it is necessary to carry out an equality analysis.

The Council received an annual treasury strategy report in advance of the 2019/20 financial year at its meeting on 27th February 2019 and Audit Committee received a mid-year report at its meeting on 26th November 2019, representing a mid-year review of treasury activity during 2019/20.

The annual treasury management report is the final treasury report for 2019/20. Its purpose is to review the treasury activity for 2019/20 against the strategy agreed at the start of the year. The report also covers the actual Prudential Indicators for 2019/20 in accordance with the requirements of the Prudential Code.

The report meets the requirements of both the CIPFA Code of Practice on Treasury Management and the CIPFA Prudential Code for Capital Finance in Local Authorities.

The Council is required to comply with both Codes through Regulations issued under the Local Government Act 2003.

Given that the revenue and capital budgets along with the treasury management strategy have been approved by Council in February 2020, when equality assessments would have been considered at that time in respect of the budget proposals, there are no further issues in respect of equality and diversity.

3. Relevance to equality and diversity
