

## PART A - Initial Equality Screening Assessment

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality and diversity.

A **screening** process can help judge relevance and provide a record of both the process and decision. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality and diversity
- whether or not equality and diversity is being/has already been considered, and
- whether or not it is necessary to carry out an Equality Analysis (Part B).

Further information is available in the Equality Screening and Analysis Guidance – see page 9.

2. Please provide a brief description of what you are screening
The purpose of the Equalities Annual Report 2020/2021 is to highlight the progress made over the past 12 months towards the equalities agenda, as well as outlining some next steps. The report covers key achievements and case studies from across the Council. Publishing an annual equalities report is part of the Council's Public Sector Equality Duty.

### 3. Relevance to equality and diversity

All the Council's strategies/policies, services/functions affect service users, employees or the wider community – borough wide or more local. These will also have a greater/lesser relevance to equality and diversity.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, disability, sex, gender reassignment, race, religion or belief, sexual orientation, civil partnerships and marriage, pregnancy and maternity and other socio-economic groups e.g. parents, single parents and guardians, carers, looked after children, unemployed and people on low incomes, ex-offenders, victims of domestic violence, homeless people etc.

Questions	Yes	No
Could the proposal have implications regarding the accessibility of services to the whole or wider community? <i>(Be mindful that this is not just about numbers. A potential to affect a small number of people in a significant way is as important)</i>	X	
Could the proposal affect service users? <i>(Be mindful that this is not just about numbers. A potential to affect a small number of people in a significant way is as important)</i>	X

N/A

If you have answered **no** to all the questions above please complete **sections 5 and 6**.

If you have answered **yes** to any of the above please complete **section 4**.

#### 4. Considering the impact on equality and diversity

If you have not already done so, the impact on equality and diversity should be considered within your proposals before decisions are made.

Considering equality and diversity will help to eliminate unlawful discrimination, harassment and victimisation and take active steps to create a discrimination free society by meeting a group or individual's needs and encouraging participation.

Please provide specific details for all three areas below using the prompts for guidance and complete an Equality Analysis (Part B).

- How have you considered equality and diversity?**

The report is explicitly focussed on equality and diversity and the progress made to deliver the equalities agenda. Therefore, the entire report includes a consideration of equality and diversity, and the way that the Council is meeting the needs of protected characteristic groups.

Publishing the report is also part of the Council's Public Sector Equality Duty.

- Key findings**

The 'Rotherham context' section outlines relevant equalities data in Rotherham. The four themed sections and the case studies also include detail of how the Council has worked towards the equalities agenda in 2020/2021.

- Actions**

Whilst this is not a decision report, there are number of proposed next steps, some of which will be subject to Cabinet decisions, e.g. the refresh of the equality objectives. For these decisions and next steps, full equality analyses will be completed where appropriate, to ensure that the impact on all protected characteristic groups has been considered in detail.
