Emissions from non-domestic buildings?	<i>no impact on emissions</i>				
Emissions from transport?	<i>no impact on emissions</i>				
Emissions from waste, or the quantity of waste itself?	<i>no impact on emissions</i>				
Emissions from housing and domestic buildings?	<i>no impact on emissions</i>				
Emissions from construction and/or development?	<i>no impact on emissions</i>				
Carbon capture (e.g. through trees)?	<i>no impact</i>				
Identify any emission impacts associated with this decision that have not been covered by the above fields:					

Please provide a summary of all impacts and mitigation/monitoring measures:

As this report is a financial update on previous events, updates on levels of funding moving forwards and doesn't approve anything directly to happen, it does not have any carbon implications.

Appendix 2

For information, the report references two development schemes, Thrybergh and Rother Valley Country Park, which although more energy efficient than current buildings, will not meet net zero standards when complete. This is due to increased financial pressures and will lead to increased borough and Council emissions in the long term.
