

PSPO – Online Consultation data analysis

Respondents

Borough Wide Dog Fouling

Respondents

| Residents | Business Reps | Tenants | Visitors | Other | Total |
|-----------|---------------|---------|----------|-------|-------|
| 75 | 7 | 13 | 7 | 1 | 103 |

Do you think the current/existing Public Spaces Protection Order has helped tackle dog fouling in the borough?

| Yes | No | Prefer not to say |
|-----|----|-------------------|
| 26 | 69 | 8 |

Do you think any future Public Spaces Protection Orders will help tackle dog control related anti-social behaviour in the borough?

| Yes | No | Prefer not to say |
|-----|----|-------------------|
| 45 | 41 | 17 |

Do you think these clauses match the priorities for residents and businesses around dog control behaviours?

| Yes | No | Prefer not to say |
|-----|----|-------------------|
| 85 | 12 | 6 |

Do you think the order would be effective in this regard?

| Yes | No | Prefer not to say |
|-----|----|-------------------|
| 56 | 36 | 11 |

| Overall view | Positive/Negative |
|--|--|
| Current PSPO | Negative – many common issues experienced frequently, excessive dog fouling |
| Future PSPO | Neutral – requires robust enforcement and more staff number |
| Clauses match resident and business priorities | Positive – strong support for suggested clauses around Dog Control |
| PSPO effective in this regard | Positive / Neutral – some feedback around resourcing |
