Please provide a summary of all impacts and mitigation/monitoring measures:

A Carbon Impact Assessment was undertaken to support the development of the Safer Rotherham Partnership Plan 2022-25 which includes Modern Slavery and Human Trafficking. This was presented to full Council on 5 October 2022. The SRP coordinates existing partner activity and resources, therefore no specific impacts have been identified from the recommendations and actions arising from Overview and Scrutiny Management Board. There are no implied increases in travel, use of buildings, etc. that would result in increased emissions.
