Emissions from non-domestic buildings?	No impact	n/a	n/a	n/a	n/a
Emissions from transport?	Impact unknown	n/a	The local labour policy in the long term may help to reduce travel need and/or travel distance beyond the borough. However, it may result in short private vehicle trips.	The use of sustainable transport is encouraged where possible.	Planning condition is imposed requiring a travel plan for large scale / employment development.
Emissions from waste, or the quantity of waste itself?	No impact	n/a	n/a	n/a	n/a

Please provide a summary of all impacts and mitigation/monitoring measures:
The implementation of the local labour policy does not generate any direct impact on emissions however it may have an indirect impact on the workforce / resident's travel pattern. As the local labour policy would only be applicable to large scale and/ or employment generating development, planning conditions on travel plans would normally be imposed for these types of development where the Council's transportation officer would review and monitor the travel plans to ensure sustainable transport is encouraged.
