

Climate Impact Assessment, Appendix – Kinship Local Offer

| Will the decision/proposal impact...                   | Impact | If an impact or potential impacts are identified:  |  |  |   |
|--|--------|--|--|--|---|
|  |        | Describe impacts or potential impacts on emissions from the Council and its contractors. | Describe impact or potential impacts on emissions across the Borough as a whole. | Describe any measures to mitigate emission impacts | Outline any monitoring of emission impacts that will be carried out |
| Emissions from non-domestic buildings?                 | None   | N/A  | N/A  | N/A  | N/A   |
| Emissions from transport?                              | None   | N/A  | N/A  | N/A  | N/A   |
| Emissions from waste, or the quantity of waste itself? | None   | N/A  | N/A  | N/A  | N/A   |
| Emissions from housing and domestic buildings?         | None   | N/A  | N/A  | N/A  | N/A   |
| Emissions from construction and/or development?        | None   | N/A  | N/A  | N/A  | N/A   |
| Carbon capture (e.g. through trees)?                   | None   | N/A  | N/A  | N/A  | N/A   |

Identify any emissions impacts associated with this decision which have not been covered by the above fields:

Will the proposal affect Council services' resilience to climate change, or the capacity of people living in the Borough to adapt to climate change?

Any impact will be neutral or beneficial. Improving access to universal and community services for kinship carers increases use of outdoor space and reduces health inequalities. Each can increase resilience to climate change where extreme heat can exacerbate health conditions.

Provide a summary of all impacts and mitigation/monitoring measures:

The Kinship Local Offer collates existing support to kinship carers into a single, simplified document. As a result, it has no direct carbon impact.

Clarity and ease in accessing and understanding the support available has the potential to increase resilience to climate change.
