This review is brought on due to the failure of the licence holder, Rotherham Sports Bar Ltd to promote all four of the licensing objectives, which are:

- **The prevention of crime and disorder; and**
- **Public Safety**
- **The Prevention of Public Nuisance**
- **The Protection of Children from Harm**

For a period of several months South Yorkshire Police have had concerns regarding the operation of the Sports Box, Unit 1 Imperial Buildings, High Street, Rotherham S60 1PA . Assaults had been reported as occurring in the immediate vicinity of the premises, together with allegations of drug use and under age sales occurring at the premises. In addition breaches of the condition that prohibits outdoor drinking after 9pm had been witnessed. Polce and Council Licensing Enforcement Officers were keeping a watching brief on the premises, as was The Local Neighbourhood Policing Team.

These concerns escalated when on 12th July 2026 an allegation was made of a serious assault occurring at the premises. It was reported that a male customer was struck on the back of the head with a bottle as he was exiting the premises.

The Police Officers investigating the allegation made several requests to staff and management for the premises CCTV footage recoded at the time of the assault, with no success. The investigation Police Officers raised this matter with the Police Licensing Officer, together with the fact that staff had failed to fully cooperate with their investigation, as follows:

- **glass from the incident has been cleared by staff before the Police arrived;**
- **the staff on duty could not use the CCTV system which prevented Police from carrying out an immediate review of the incident (it is a condition on the Licence that the CCTV system must be able to facilitate the immediate review);**
- **claimed to have seen nothing; and**
- **initially refused to turn the music down to facilitate proper discussion.**

The Police and Council Licensing Enforcement Officers also made several requests for the CCTV footage directly to the premises management.

On 1st August 2026 Police Officers patrolling the town centre captured on body worn cameras that the premises were operating in breach of the Licence condition that states *" No external consumption of alcohol or other beverages shall be permitted after 21:00 hours".*

On 4th August the Police Licensing Enforcement Officer, Jo Belton, visited the premises and met with Ms Katie DELL, who is one of the two Directors of Rotherham Sports Bar LTD, the Company that holds the Premises Licence. At this meeting Mrs Dell was made aware of the Police concerns, licence breaches and, once again, asked to provide the relevant CCTV footage for 12th July 2026. In addition the Police Licensing Enforcement Officer carried out a drugs wipe of the ground floor disabled toilet , which showed extremely high levels of drug. The meeting concluded with an agreement being reached that s further meeting would take place at the premises on the 12th August 2026.

Appendix 4

A letter setting out the detail of the meeting of the 4th August was sent to the Licence holder on 12th July 2026, a copy of which is attached at Annex 1 to this application.

On 12th August the Police Licensing Enforcement Officer once again met with met with Ms Katie DELL at the premises. The primary purpose of this meeting was to view and collect the CCTV footage from the 12th July 2026. At this meeting CCTV footage from two of the premises CCTV cameras was provided, however, the footage was of such poor quality it was of no practical use.

A further request for the CCTV footage from all cameras to be provided to the Police by 5pm on the 13th August was made. At the time of serving this review application the CCTV footage of the incident on the 13th August 2026 remains outstanding.

The Police Licensing Officer then carried out a full licence compliance inspection at the premises, where several breaches of the Premises Licence conditions were identified. A letter setting out the detail of the inspection was sent to the Licence holder on 13th July 2026, a copy of which is attached at Annex 2 to this application.

As requested by the Police Licensing Enforcement Officer, the Licence holder appointed a new Designated Premises Supervisor (DPS), Mr Dane FORD-MITCHELL with immediate effect from 20th August 2026.

On the early hours of the morning of 13th September 2026 an allegation of a further serious assault associated with the operation of the premises was made. On this occasion the allegation stated that on leaving the victim was followed out of the premises and attacked by multiple males, resulting in a broken jaw in two places, which resulted in surgery.

The Police Officers investigating the assault have again reported that the premises management were non co-operative, to the extent that when Officers visited the premises later the same day to retrieve CCTV footage of the incident Mr David McQUEEN, the second of the two Directors of Rotherham Sports Bar LTD, the Company that holds the Premises Licence asked the Officers to leave as he did not want then in the office unattended.

Officers had been unable to retrieve the CCTV footage and despite being promised, were not telephoned to return to collect it. However, they did make a short video of the footage using their phone.

The failure to secure the CCTV footage was reported to the Police Licensing Enforcement Officer who on 16th September 2026 attended the premises with the local Neighbourhood Police Sergeant. Whilst Officers were able to view the CCTV footage it was not possible to download it.

In summary, this footage shows a male, known to be the victim, existing the premises, followed by several unknown males, possibly the alleged assailants.

Shortly after this several customers and some of the bar staff are seen to exit the premises. Presumably to watch the assault occurring.

Appendix 4

The customers and staff then re-enter the premises and one male is seen to remove a distinctive jumper, which he hands to bar staff who store it behind the bar.

The premises DPS is stood at the door throughout the whole time.

The Police Licensing Officer questioned the DPS, Mr Dane FORD-MITCHELL, at the visit of 16th September 2026, as to why he had not reported the incident to the Police or logged it into the incident book. The response was that he was unaware that an incident had occurred and could not see anything from where he was standing. Members are asked to consider the likeliness of this, given the exodus of customers and staff from the premises.

At the same time Mr Dane FORD-MITCHELL was asked to provide the risk assessment regarding door supervision at the premises for the 12th/13th September 2026. He was unable to do this. It is a condition of the Licence that such a risk assessment is undertaken

The CCTV footage shows a second door supervisor working alongside Mr Dane FORD-MITCHELL , whose details have been provided.

Mr Dane FORD-MITCHEL is a registered SIA door supervisor, and whilst he is legally entitled to work the door, he is also responsible for managing the bar, overall licensing compliance and dealing with incidents that may occur inside of the premises. If working the door this conflict of duties should have been addressed by way of a risk assessment.

On the 18th September 2026, at the request of the Police Licensing Officer, a specialist IT support officer attended the premises to download the CCTV footage. It took several hours but the officer eventually secured a full download of the incident that occurred at the premises in the early hours of 13th September 2026. However, this download was only from two working cameras, with the footage from 2 of the 4 cameras not being relevant and the footage from the other 2 cameras not being available. .

A copy of the relevant parts of the CCTV footage that the Police have download will be shown to Members of the Sub Committee at the hearing.

In addition, whilst the assault is not caught on the premises CCTV it is caught on the town centre CCTV. The Police Licensing Officer has secured a download of this CCTV footage, which once again will be shown at the hearing.

This CCTV footage shows the assault and identifies the assailants exiting and then re-entering the Sport Box. This is confirmed by the internal CCTV footage.

On 19th October 2026 a report was made to the Police of by an individual who had been who had been punched in the head whilst drinking at the premises. A threat to kill the victim was also made.

On 1st October 2026 the Town Centre Manager made the Police Licensing Enforcement Officer aware of a meeting between local business and the free holder of their premises and the Sport Box. Universally they all complained to the freeholder about the manner in which the Sport Box was being operated.

Appendix 4

The Police Licencing Officer contacted the freeholder who confirmed that they are currently considering the issue raised.

On 2nd October 2026 Police receive a report of an affray occurring at the Sport Box. The initial report came from the staff at the Sport Box and related to a

female who was refusing to leave. However, matters escalated and when Police arrived at the premises a fight was occurring outside of the premises between approximately 15 to 20 people were in the street fighting, some of whom had armed themselves with scaffolding poles as weapons.

The Police Licensing Officer plans to visit the premises to retrieve the internal CCTV footage and will also attempt to retrieve footage from the town centre CCTV system. An oral update will be provided at the hearing and any footage secured will be shown.

The Police Licensing Officer is aware that the premises are subject to an investigation of noise nuisance occurring at the premises being carried out by the Council's Noise Team. Other than reference to this by investigation in the supporting evidence it is expected that the Council's Noise Team will provide evidence of the nuisance in the representations they make in support of this review application.

Given the information provided in this review application the Chief Constable of South Yorkshire Police is satisfied that the Company that hold the Premises Licence issued in respect of the Sports Box is:

- **failing in their duty to promote all four of the licensing objectives; and**
- **that attempts by South Yorkshire Police to work with the Company to bring about required improvements have failed.**

It is considered that the failings lie directly with the two Directors of the Company that hold the Premises Licence and that a change of DPS or additional management control conditions would not resolve the matter.

For this reason it is the recommendation of the Chief Constable of South Yorkshire Police that the Premises Licence is revoked .

Please refer to pages 7, 8 and 9 for additional evidence is support of the review application, together with Annes 1 and 2 to this application.

……. Zak and I went to the Sports Box tonight. Dane was not there, but the barmaid was happy for us to look at the footage.

I didn't view it initially, as I was just going to download an hour of footage. However, the hard drive was fixed tightly into the unit and I was unable to pull it out far enough to put my USB stick in it. I didn't want to pull it to the point where wires disconnected and the system turned off.

Whilst we were there, owner Dave McQueen called and Zak spoke with him. Initially he did not appear too happy that we were there but then stated that he would be happy for us to have any footage we needed.

Due to not being able to download the footage, we watched some of it. We saw what we thought was the victim, tall bald headed bloke wearing shorts and Nirvana vest top. He is seen dancing around the bar area around midnight, but leaves the bar just before the assault happens. Male wearing the black jumper with the bold white cross on the back is seen in the bar at the same time but it doesn't look like they engage from the footage we have watched.

After the assault, male in the black jumper with white cross, comes back inside and sits with a female. They appear to be talking about the incident, and he takes his jumper off.

Dave called the bar maid back and asked that we leave, as he did not want us in the office and the bar unattended. Bar maid said that she would call the office this evening when Dane arrives to look at the footage. He probably would have been OK pulling the hard drive out. She never called the office.

The suspect then came into the bar and punched the victim in the head causing him to go unconscious for a short while. The victim has a bust lip, a big lump on his head and scrape on his shoulder.

Dear Sir

RE: LICENSING ACT 2003 – PREMISES LICENCE (No. P1166)
THE SPORTS BOX, UNIT 1 IMPERIAL BUILDINGS, HIGH STREET, ROTHERHAM S601PA

With reference to the Premises Licence held by Rotherham Sports Bar LTD in respect of the above-mentioned premises.

South Yorkshire Police have serious concerns regarding the escalation of intelligence regarding crime and disorder occurring at, or in the vicinity of the Sports Box, together with breaches of the Licence conditions. Some of the Police concerns, but not limited to, are set out below:

1. A serious assault occurred in the door way of the premises on 12th July 2025, Despite numerous requests, the premises internal CCTV footage for this date has still to be provided. This footage has been requested by both the Police and the Council's Licensing Enforcement Officers.

2. On Saturday 1st August 2026 Police officers captured on body worn cameras that the premises were operating in breach of the Licence condition that states " **No external consumption of alcohol or other beverages shall be permitted after 21:00 hours"** . I visited the premises on 4th August 2026 and showed Katie DELL, a director of Rotherham Sports Bar LTD, the Police footage, which showed people standing outside of the premises drinking at 23:00 hours. The footage also showed the door supervisors employed at the premises taking no action.

3. During my visit to the premises on 4th August 2026 I carried out a drug wipe of the ground floor disabled toilet, which showed extremely high levels of drug use. Katie DELL was present when the wipe was taken and it was agreed with her that this toilet would be kept locked and the key kept behind the bar.

4. In general terms, the Police have received lots of intelligence that drugs are being taken and supplied at the premises; plus there are two further allegations of assaults occurring at, or in the vicinity of, the premises currently under Police investigation

Appendix 4

As you are aware, you have a duty to promote the licensing objectives at all times and to fully co with the terms, conditions and restrictions of the Premises Licence. Given this, and the concerns ra in this letter, I would ask that you review the management controls currently in place at the pren and put in place any steps identified in this review to strengthen them.

Finally, please be aware that any further breaches of the terms, conditions and restriction of Premises Licence is likely to result in the Police seeking to review the Premises Licence you hold, a recommendation that it is revoked.

Yours sincerely

Dear Sir

RE: LICENSING ACT 2003 – PREMISES LICENCE (No. P1166)
THE SPORTS BOX, UNIT 1 IMPERIAL BUILDINGS, HIGH STREET, ROTHERHAM S601PA

Yesterday I visited the above-mentioned premises and met with Ms Katie DELL, a director Rotherham Sports Bar LTD, the Company that holds the Premises Licence.

The purpose of this visit was to:

- hand deliver my letter dated 12th August 2026, a copy further copy of which attached;
- view the promised CCTV footage of from the 12th July 2026; and
- share the concerns of South Yorkshire Police regarding the operation of the premise

At this visit I was show CCTV footage from two of the eight internal cameras located with the premises. This footage was poor quality, to such an extent that it was of no practic value. Ms Dell informed me that she can access two of the eight cameras on her mobile pho and that footage from the remaining six cameras can only be viewed if a request is made the Company that installed/supplied the CCTV system. No explanation was provided as why such a request had not been made, despite both Police and Council Officers having ma numerous requests to view this CCTV footage.

A further request for the CCTV footage for the 12th July 2026, from all cameras and all angles, to provided by 5pm today was made directly to MS Dell.

A check of the ground floor disabled toilet, found it to be open with no means of being locke This is a breach of the agreement made with Ms Dell on 4th August 2026.

A full licensing compliance inspection of the premises was then carried out. I w accompanied by Ms Dell during this inspection.

I am writing to formally notify you that the premises were found to be operating in breach the following conditions of Annex 2 of the Premises Licence:

Appendix 4

1. **Condition 7**, which requires the DPS to check the Challenge 25 log and the incident book at least once a week, and sign and date each check.

2. With regard to the CCTV system installed at the premises **conditions 8b), 8c), 10 and 11.**

3. **Condition 11**, specifically that the use of door supervisor at the premises is risk assessed and that and a written record of this assessment is kept at the premises for a period of 6 months and made available to the Police or an authorised officer of the Licensing Authority upon request.

4. **Condition 13** which requires a record of staff authorised to sell alcohol so kept on the premises.

5. **Condition 15** which requires a Drugs Policy to be in place as specifies as a minimum the checks and requirements that need to be included in the Policy.

6. **Conditions 25 and 26**, regarding staff training. No records available.

Regarding Conditions 2 and 3 of Annex B. A log book was available, in which only 2 refusals had been reordered in the past year. In my experience this is not reflective of the number of refusals other licensed premises routinely make. Moving forward I strongly recommend that you log all challenges, regardless of whether the sale is subsequently allowed.

I also have serious concerns that the DPS named on the Premises Licence is not in day to day management of the premises. Ms Dell informed me that the DPS attended the premises for just a couple of hours each week and never on the busiest trading times of Friday and Saturday nights. Furthermore, the member of staff working behind the bar at the time of my visited stated that she had no idea who the DPS was and had never met her. Given this, I would expect to see an application to vary the DPS made within the next 5 working days.

Please be aware that compliance with the terms, conditions and restrictions of the Premises Licence is non - negotiable; and that the **premises should not provide any licensable activities until such time that they have taken all nieces measures to be operate in full compliance**.

In concluding, if you do open for business this weekend, it is likely that further compliance inspections will be carried out.

Yours sincerely
